

Project Superintendent

Location: **Salt Lake City Corporate Office**

Qualifications (Preferred): A bachelor's degree (Construction Management, Architecture, Engineering are preferred fields of study). Excellent written and verbal communication skills (able to clearly express ideas and concepts; uses proper grammar and syntax).

Qualifications (Required): High school diploma or equivalent, 10 years of on site construction work experience (trade or supervisory), Estimating, Project Administration/Project Support. Should be reliable, responsible, presentable, enthusiastic, and demonstrate integrity, good judgement and high self esteem.

Duties: Oversee the construction effort to ensure a project is constructed in accordance with design, budget and schedule. Plan, coordinate, and supervise assistant superintendents, foremen and subcontractors for the entire project. Ensure all required materials, equipment and inspections support the schedule and provide technical assistance to meet project objectives. *4+ years previous experience is a must.* The Superintendent is responsible for the daily operation of a job site, including scheduling, production, and procurement of materials, manpower and equipment. Supervises all direct labor positions on the assigned project. Manages and oversees any contracted work on the site to ensure successful project completion. Due to the nature of the construction industry, it is possible that Superintendents be asked to travel out of the area for work. Please note on your application your willingness to travel and any ability to relocate.

Salary/Benefits: Competitive Salary, Medical, Dental, 401(K), etc.
